<p>Cross-cutting issues (CCI)</p>	<ul style="list-style-type: none"> - Gender and Human Rights Based Approach (HRBA) - Environment and Climate Change (EU Green Deal, Green Agenda for the Western Balkans, Sendai Framework etc.) 									

Monitoring & Evaluation	M&E is an integrated part of the Programme management and implementation, essential for continuous learning, adaptability, steering and risk management. It is also used to promote results, accountability and support communication.
Strategic Approach	<ul style="list-style-type: none"> ➤ Phased flexible approach ➤ Active partnership and ownership ➤ Continuity – building on existing structures and capabilities ➤ Mutual exchange and learning ➤ Regional participation ➤ Comprehensive approach to capacity development
Type of activities	<ul style="list-style-type: none"> - Advisory missions - Technical workshops - National and regional workshops - Training and exercises (table tops, joint field exercises and full scale exercises) - Mentoring, peer support and networking - Participation in international fora
Programme implementation and management structure	<p><u>Steering Committee</u> The Steering Committee (SC) has an overall role to support and supervise implementation of the Programme. It is the decision-making body of the Programme. It will have a broad representation.</p> <p><u>Consortium Coordination Group</u> The Consortium members are coordinated through the Consortium Coordination Group (CCG).</p> <p><u>Programme Management Team</u> The Programme management team plays an active and supportive role in implementation. It is composed of a Programme Director, Project Managers, Administrative officer, Financial officer, HR officer etc.</p> <p><u>Implementation leadership</u> The implementation is led by a Team Leader to ensure coherence and strategic orientation.</p> <p>Each work package have lead experts and technical experts.</p> <p>They will work together with the Partner countries' National Programme Coordinators and working groups which will participate in Programme planning, implementation and follow-up.</p> <p><u>Experts on cross-cutting issues</u> All of the above mentioned experts are supported by dedicated experts on cross-cutting issues.</p>
Project management and backstopping	As lead, MCF has overall project management, backstopping, financial and communication responsibilities, ensuring that contractual commitments are met.
Communication	Strategic communication is used for ownership, sustainability and visibility of the Programme, and for communicating the change vision.
